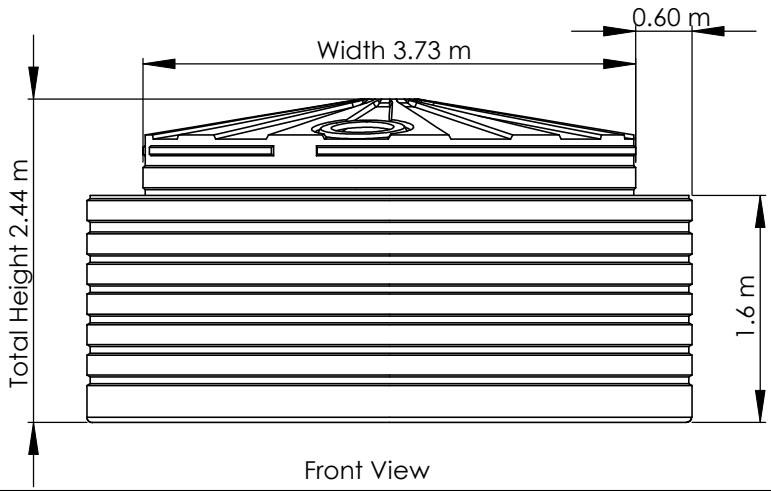
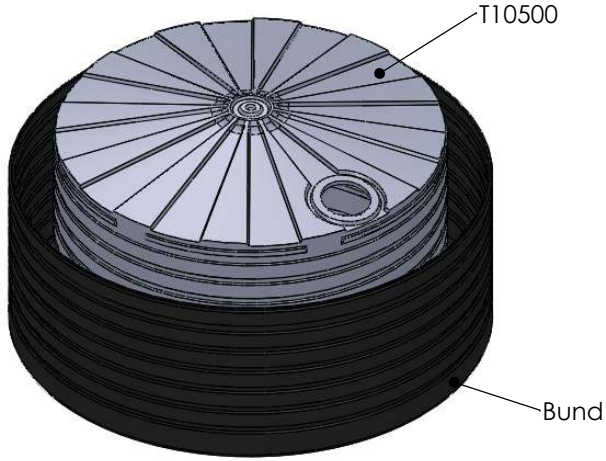
TANK	2.44	3.73	22500L
BUND	1.60	4.60	25000L minimum



Front View



Note : Wall height shown 1.6m for illustration

It is the responsibility of the tank purchaser to install the appropriate flexible connections, bolts and gaskets between the tank and the plumbing. This is important as the Bushmans tank guarantee is only valid if the installation has appropriate flexible connections.

Dimensions of Bund are nominal. Wall Height of bund can be increased or decreased according to customer specification. Ensure you advise your Bushmans representative of your requirements.
